Meeting Location: SRJC Bertolini Student Services Center

As you know, CASA has developed a collaborative relationship with the SRJC Student Service and Foster Youth Success Program , we conduct tours and informational sessions to better acclimate you — our valued CASAs, on the junior college and all it has to offer. We as staff are very excited about this collaboration and want to encourage your attendance. Today more than ever we need to prepare our youth for all the resources available to them. Come tour the departments and meet the personnel who support the success of our youth as they transition into higher education and adulthood. This month we are having a special session for you to attend a tour with your youth. This tour will end with lunch at the cafeteria (optional).
